

# TValue Information

Please note that any TValue version, including whether desktop or online will work for the ALFP and the CLFP exam.

**Please also note that in the examples during the ALFP, there are *custom* event names used (e.g., Security Deposit, Return Security Deposit, etc.) and it has nothing to do with the version you are using.** If you are interested in setting those up yourself, please refer to the webinars below that are provided at no-cost by TValue.

- **Winning Leases with TValue Basic Webinar (22 minutes):**
